THE DESIGNERS STUDIO BRICHETZIEGLER

Caroline Ziegler and Pierre Brichet founded the studio BRICHETZIEGLER in 2010. The design duo built up through exchange and dialogue to make an open think tank, where poetry, materials and forms express with sensitivity. They collaborate with several furniture and lighting companies, and work on industrial projects and interior design.

In 2015, they started a new adventure while launching a self-made collection, By Hands. A family of objects and small furniture, imagined, designed and made by themselves in their workshop, in limited edition. This is a laboratory for various researches on shapes and materials.

They were awarded the VIA Project Assistance grants in 2011 and 2012, and the Bourse Agora grant in 2007 with Collectif Dito. In 2018, they are awarded Grand Prix de la Création de la Ville de Paris.

WEEK-END NEW RELEASE

document of the sofa
lounge are not to be used
These are in Kvadrat and
Dedar fabric.*

*TO BE DELIVERED on
10.06 new photos in
Métaphores fabric for
the press release*

WEEK-END THE COLLECTION

The WEEK-END collection is a full range of outdoor furniture released in 2016, and now adding 2 brand new functions to the collection: the SOFA LOUNGE, 1 and 2 seater

The impact of the horizontal and vertical slats, so similar to stripes, highlights the full and empty spaces, asserting the identity of the collection. The aluminium slats are laser cut in one piece thereby removing any need for screws or welds, and the semi-rounded edges for the trim mean there are no sharp edges

The oval and circular shape of the Week-End seats drawn by the backrests makes them a graphic statement. A single, delicate curve joins the backrest to the seat, giving a smooth flow and an apparent weightlessness to the design. The bent-tube structure which is Pi-shaped – π – reinforces the seat and gives a deep feeling of lightness.

This collection presents products of great resistance. Made from aluminium, there is zero risk of rust or corrosion even in humid climates or by the seaside. Anti-UV epoxy textured powder coating for the mat versions guarantees a long-lasting colour-fast finish.

The Week-End collection presents 25 functions in 23 different colors, enough to satisfy all desires.

WEEK-END CSR COMMITMENTS

EASY RECYCLING

Petite Friture focuses on sustainable and environmentally friendly practices in its approach to design. The entire collection is made of recyclable and separable materials for easy recycling. The aluminium recycling industry is one of the most highly organised sectors.

NO EMISSION

Thermo-lacquered aluminium with matte grained anti-UV powder coating does not emit any volatile organic compounds (VOCs).

ENVIRONMENTALLY FRIENDLY PACKAGING

The cardboard packaging comes from at least 80% recycled cardboard. Packaging is robust and environmentally friendly: recyclable, chemical-free, biodegradable ink.

PRODUCTS MADE TO LAST

Commercial warranty for 5 years, beyond legal warranty for 2 years.

The robust design (reinforced slats) and its resistance to rust and corrosion make for a product that is designed to last.

WEEK-END TECHNICAL SPECIFICATIONS

USE

Indoor & Outdoor

MATERIALS

Aluminium, matte powder coating with UV protection or gloss finish for outdoor use

ORIGIN

China
